**GENUINE BEAR'S OIL—**Highly Perfumed.—Perhaps our ladies and fashionables are not aware that three-quarters of the "Bear's Oil," (so called) with which they anoint their backs, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada and the North Western Territory, and who never sells an ounce until he knows it to be genuine. The real Bear's Oil is a wonderful beautifier and strengthener of the hair, and should be used by every one desirous of beautiful locks.

P. J. J. BROWN, would respectfully inform the public, of this place and vicinity, that he has taken the stand formerly occupied by a Botanic Physician, in Spring street, where he intends to carry on an extensive business through the summer, under the head of "Indian Medical Infirmary," and hopes, by constant attention to his business, to merit a share of patronage.

**TURKISH MODE OF BUSINESS.**—The Turks differ from us even in their most trifling habits. The barber pushes his razor from him; the carpenter, on the contrary draws the saw to him; for all the teeth are set in; ours pushes it out from him, for all the teeth are set out; the mason sits when he lays the stone, ours always stands; the scribe writes on his left hand, from left to right; ours always on a desk, and from right to left; but the most ridiculous difference consists in the manner of building a house; we begin at the bottom and finish at the top; the Turks begin at the top, and the upper rooms are finished and inhabited, while all below is like a lantern.

**A FUNNY MISTAKE.**—The St. Louis Reveille states that in cutting the motto for the inscription over the door of the new Catholic church, lately built at *Afine la Moue*, in the southern part of that State, the holy father told the workman to cut upon it the following words: "My house shall be called the house of prayer;" and, to have it correct, he referred him to the verse in the Bible. The mason proceeded to work, and cut the whole verse, as follows: "My house shall be called the house of prayer, but you have made it a den of thieves!" The house was consecrated before the mistake was discovered. Upon ascertaining it, the context was pulled up and painted over.

**EMANCIPATION IN FRENCH GUIANA.**—It is stated upon information derived from Capt. Clark, of brig Romp, arrived at Salem from Cayenne, having sailed August 5th, that great excitement prevailed there in reference to the question of abolishing slavery, which has been in agitation for some years. The Colonial Council has hitherto had a large majority in favor of the measure; but the minority, though small, was turbulent, and had contrived to hinder the consummation of the measure. The most intelligent planters favored emancipation. Meanwhile new laws have been passed by the French chambers, modifying servitude; and the feeling in favor of emancipation has greatly increased; so that at the election for a new council, on the 29th July, the friends of the measure succeeded in electing a board unanimously on their side. The next advice, therefore, will probably be that a decisive step has been taken to effect emancipation.

The number of Roman Catholic priests in the United States is 834, being an increase of 93 in one year. The number of churches is 812, and 577 stations visited by clergymen, but without any commodious place of worship. 72 Churches were built last year.

**THE HEDGEHOG.**—It is said that the hedgehog is proof against poisons. M. Patlas states that it will eat a hundred cantharides without receiving any injury. More recently a German Physician, who wished to dissect one, gave it prussic acid, but it took no effect; he then tried arsenic, opium, corrosive sublimate, with the same results.

**Old perhaps, but good,** is the following anecdote of a forerunner of Mrs. Partington. "Are you the civilian?" said a rather ignorant chap, who wished to know of a lawyer if he could act as executor of an intestate brother, who had left two infant sons to his care. "Do you mean to insult me, sir?" "Yes, sir, I can't do a purpose. My brother died detested, he has left two infidel children, and I want to know if I can be their executioner."

"I can't bear children," said Miss Prim, disdainfully. Mrs. Partington looked at her over her spectacles mildly before she replied. "Perhaps if you could you would like them better," she at last said; "but why is it that unmarried old maids and single bachelors are always railing about children? It seems as if they had never read the command given to our forefathers to 'increase and multiply and punish the earth.' For my part I love the little dears, and I had rather hear a child cry any day than hear the Brass Band!" and she went right to work covering a ball for little Johnny.

The last Mobile Register advises absentees not to return till after a frost.

Newport:

WEDNESDAY, OCTOBER 6 1847.

BY O. F. JACKSON, 97-THAMES ST.

## ITEMS BY THE STEAMER.

On the 2d ult., a grand soiree was given by the Old Fellows of Greenock, to the American Commodore de Kay, of the U. S. frigate Macedonian, which vessel brought to the Clyde a cargo of provisions for the relief of the destitute Scotch people. On the 6th ult., the Central Board of the Highland Relief Fund also gave the Commodore a dinner.

In the London Court of Bankruptcy, on Monday, a milliner attributed her failure to her daughter, who instead of buying stock spent £280 in opera tickets, to enable herself and friends to hear Jenny Lind.

Mr. Constable, publisher, of Edinburgh, has given the large sum of \$10,000 for the manuscript left by the late Dr. Chalmers.

The Queen of Holland is travelling incognito in Switzerland, under the name of Countess of Heintzhausen.

It has been announced in the Gazette de France, that a resolution had been taken by the Government to supply twelve thousand muskets to the Pope.

The official returns of the number of mills working in Manchester, and of the hands employed, for the week ending the 7th instant, give the following results, namely: number of mills 175, of which 135 are working full time, 17 short time, and 23 have stopped; the total number of hands employed is 41,000, of which 28,469 are engaged full time, 4697 short time, and 7844 unemployed.

On the 1st of January next Poland will officially be incorporated with Russia.

It is rumored that a company is to be formed for purchasing the Great Britain, and placing her on the Liverpool and New Orleans trade. She still remains on the gridiron in the Prince's basin.

Ireland.—Matters are in a curious state in Ireland. The refusal of the land owners to pay poor rates seem likely to be followed by a determination of the tenants to pay no rents.

The Committee of the "National Monument to O'Connell" have published their receipts from the 6th of August, which amount to £239.

Mr. John O'Connell has issued a circular to all the Irish members calling a meeting in Dublin, in the early part of November, to consider the alarming state of the country and of public affairs, and to counsel as to the remedial measures which it will be their duty to press upon the attention of the Government.

The potato disease was said, as heretofore, to have reappeared with sudden and increased destructiveness, but at present these rumors have assumed no authentic shape.

Switzerland.—The discussion in the Diet on the expulsion of the Jesuits has been brought to a close. A resolution has been adopted inviting the Cantons in which the Jesuits are established, to expel them from their territories. The admission in future of Jesuits into any one of the Cantons is interdicted. Additional fortifications are being constructed on different points along the frontier of Argon.

Italy.—A recent letter from Rome states that an envoy from the United States had arrived to negotiate a treaty of amity and commerce between Italy and this government, and it is said that a Nuncio will shortly be sent by Pius IX. to Washington.

Denmark.—Two royal proclamations of the 25th of July have just been published, by which the decrees of the King of Denmark in 1839 for the emancipation of the slaves in the Danish West India Islands, are brought into force. Both proclamations are addressed to Major General Von Scholten, Governor of the Danish West India Islands. The first states that "motives of justice and humanity, as well as considerations of the welfare of the West India colonies, and the interest of the planters, the existing regulations respecting the slaves shall cease; in such a manner, however, that the complete emancipation shall not take place till after the lapse of twelve years, so that meanwhile the proper measures may be taken for making the arrangements for the consolidation of the necessary changes. On the other hand, all children

of slaves who shall be born after the date of the decree, shall be free."

**Capture of Slaves.**—Her Majesty's brig Sealark, Captain White, has arrived at Portsmouth from the coast of Africa, and reports that on the 7th of August, in lat. 4 N. and lon. 22 W., saw a suspicious looking vessel and gave chase, and soon came up with her, and on sending an officer on board to examine her, discovered that she was a Brazilian slaver, called the Libero, from Port Poingo, bound to Rio Janeiro, and having 150 slaves on board. She was immediately taken possession of, and the crew consisting of four Spaniards and twelve Brazilians, taken on board the Sealark and conveyed to Spithead.

**Seizure of an American Relief ship.**—By a Galway paper we learn that the Islop, of Philadelphia, one of the American relief ships, has been seized by the customs in the port of Galway, in consequence of some alleged smuggling of tobacco. It appears that the master of the vessel, Captain Shankland, retained on board some tobacco, intended for the use of the emigrants going out in the vessel. The tobacco was said to be at first under lock and key, in the care of the captain. The customs officers removed it to another part of the vessel, whence it was stolen. The vessel has accordingly been seized by the officers, and is at present prevented from sailing for her destination homewards.

**Jenny Lind.**—This celebrated vocalist has been singing with her accustomed success at Birmingham, Manchester and Liverpool. On the 9th ult., she sang at Birmingham for the benefit of the Hebrew schools, when the receipts netted £1500.—Jenny, it is said, will marry the Rev. Dr. Grote.

**TERMS OF THE TREATY WITH MEXICO.**—The New York Herald says that Mr. Fris was instructed to demand, in the treaty of peace with Mexico, Upper and Lower California, and New Mexico, with the right of the way for a railroad or canal across the isthmus of Tehuantepec, and as a permanent boundary between the two countries, the Rio Grande, and thence along the thirty-second degree. His instructions were peremptory not to entertain any proposition that did not include the Rio Grande and the thirty-second degree; but if he were pushed very hard, and if immediate peace or a continuation of the war depended upon insisting on the cession of Lower California and the right of way across the Isthmus, or either, he was authorized to abandon them, but in no other case. In reply to these propositions, we learn that the Mexican Commissioners offered to cede that part of Upper California north of the thirty-seventh degree, but would not give an inch of Lower California or New Mexico; and relative to the strip of territory lying between the rivers Nueces and Rio Grande, they were not willing to cede that either, but wished it to remain a neutral territory between the two countries.

The Herald adds:—We understand that it is the intention of the government to prosecute the war with the greatest vigor as long as it lasts; to conduct it so that the enemy, and not ourselves, will feel the burden of it; to levy contributions and make it pay for itself, without draining from this country any amount of money of consequence.

We are to have no more armistices—no more proffers of the olive branch—no more paying for supplies. The Mexicans are now to feel the full effect of the war.

**Matters and Things in General.**

Messrs. W. C. Cozzens & Co., are not as far behind the age as a wrong figure in their advertisement yesterday, would fain make them. To-morrow they open a very large stock of fall goods, selected with great care; and from the experience they have had in the dry goods business, we doubt not they know the tastes of all other customers, and have governed themselves accordingly in this selection.

**Hon. Louis McLane.**—We are pained to learn that this gentleman is extremely ill, and but little hopes are entertained of his recovery.

The wharves are preparing and coal is being received at the depot for the Cunard line of steamers at Jersey City.—Some \$100,000 are to be expended on the works.

**WHAT'S IN A NAME?**—The name of the denocratic candidate for Governor in Georgia is George Washington Napoleon Bonaparte Towns.

Those troubled with the teeth ache, or decayed teeth that want filling, will find Dr. Bény at the corner of Thames and Mary streets.—the house formerly occupied by Dr. Boutelle,—where he has removed.

The Boston Traveller states that Albert J. Tirrel recently attempted to escape from States Prison. He feigned sickness, and was allowed to go into the Hospital.—From thence he attempted to dig a passage underneath, in order to escape, but was detected and sent back to his cell.

The Chinese Junk.—The difficulty between Capt. Kellert and his Chinese crew has been amicably settled. He pays \$1000 for their passage to China.

On the 18th ult., peaches were selling in St. Louis at \$6 per bushel, and were being retailed at from 10 to 15 cents each.

**MADAME DE BONNEVILLE'S**

[Extract of a letter from Dr. Williams of Va.]  
Gentleman—I will thank you to send me two dozen more of your Sarsaparilla and Tomato Bitters. I have used it with great success in four cases of dyspepsia, curing each of them in an almost incredible short time; likewise one case of scrofulous humor and one of jaundice. I consider it a valuable compound, and must say I have used it with the happiest effects. Should like to have it as soon as convenient. One of the cases of dyspepsia was a gentleman who had suffered a long time, and had been to the Springs for two seasons.

A Boyden, Esq. of Cambridge, cured of the dyspepsia of a year standing, after trying a hundred remedies without the least effect.  
For sale by R. J. TAYLOR.

**JONES'S SOAP.**  
Ladies in the country and watering places, See how the sun has burnt your faces! Look at your necks—how yellow, dark with tan; Why, 'twill repulse the love of any man! These freckles, too, you know they'd quickly fly If Jones's Soap you'd use; come once—do try—It costs but fifty cents, and I am told It's worth, ay, doubly worth its weight in gold.  
Persons who have had no faith in it, have been astounded at the wonderful effect of Jones's—that is, the genuine Jones's Soap—in purifying the skin. For sale by Dr. R. J. Taylor.

The most prolific source of disease is undoubtedly impurity of blood. And to no people are more subject than those of this country, from the plentiful and comparatively luxurious diet in which their prosperity enables them to indulge.—To purify the blood, and drive bowels from the unhealthy state produced by that impurity, Brown's Sarsaparilla and Tomato Bitters are extremely well calculated. They gradually those impure humors which are the source of uncleanliness to the system, and occasion such debility when they make their appearance exteriorly. The demand for the above Bitters is rapidly increasing in all places where they have been sold, and there is scarcely a day passes but we have some ordered by our first physicians, for dyspepsia, indigestion, weakness of the stomach and lungs, cystitis, general debility, rheumatism, &c. In fact there is not the least doubt but they are the best alterative now in use for a disordered system. The vegetables that these Bitters are mainly composed of are too well known to have the least said in their favor. Remember in all cases when you purchase Brown's Sarsaparilla and Tomato Bitters, to see that the directions are signed by the proprietor, F. BROWN, in his hand-writing, without which none are genuine. For sale by R. J. TAYLOR.

**SAND'S SARSAPARILLA.**—Thousands of persons are heirs of scrofula; they come into the world with the taint in their blood, which, by the time they reach maturity, develops itself in some form or other. All such persons should keep a stock of this preparation by them, at a distance from any town or city where it may be procured, for should they wait for the disease to show itself in ulcers or eruptions but should keep it down by frequent resort to this unrivaled antiseptic. The seeds of scrofula, though hereditary in the blood, will not germinate while that fluid is under the influence of this powerful detergent, which, if administered at intervals, will keep down the hereditary tendency through life. As "prevention is better than cure," we recommend all who have a predisposition, hereditary or otherwise to ulcerous or eruptive diseases, to go through a course of this medicine at least every Spring and Fall.

Prepared and sold by A. B. & D. SANDS, Druggists, 100 Fulton st. N. Y.  
Sold also by Dr. R. R. Hazard and R. J. Taylor for Newport, by J. Russell, Fall River, by G. Dyer, For sale by R. J. TAYLOR.

**DAGUERREOTYPES.**

All persons who have claims upon Manchester & Brother for Daguerreotypes must call and have them taken within two weeks, and those owing the above firm, will please call also within that time, as they wish to settle all accounts before leaving. And now to the public in general. We invite you all to improve the present good opportunity of obtaining a good daguerreotype of your near friends, and those bound to you by family ties. You will never regret the little exertion it will cost you, for it will be a great consolation for you to know you have them in your possession even while your friends are about you. But this is not all—a separation must take place either sooner or later, and then such a memento will be to you invaluable. Rooms in Vose's Washington House, at the head of Bath st.

To enable Manhood to Die of Old Age without Disease.—The public may not be aware that the Rev. B. Hibbard's Vegetable Pills are the very best Family Medicine extant; perfectly reliable in every emergency. No one can foresee the moment when they or their children may be attacked. Disease comes like a thief in the night, and in times of peril, anxiety and danger, it is a relief to the mind to have at hand a remedy so certain, prompt, and efficient in warding off as well as curing disease. Ship Fever, Typhus Fever, Congestive and Bilious Diseases are rife throughout the land. To travellers, emigrants, soldiers, and families, we say neglect not to provide yourself with so potent a purifier of the blood; so safe, mild, and universal a remedy as these sovereign Vegetable Pills. Remember the name of Rev. B. Hibbard is on the label of each box. All others are spurious. T. R. Hibbard, M. D., 96 John-st., New York, proprietor. See advertisement in another column. m75a29

Also in all chronic affections, as Dyspepsia, Sick Headache, Rheumatism, &c. Mind the Directions, which go with each box.  
Every agent has circulars of these Pills to give away.

In the Eating Saloon will be found an extensive Bill of Fare, (comprising all the varieties and luxuries offered at the best hotels,) any portion of which will be served up at any time in the best style and upon the very lowest terms.  
Adjoining the Eating Room is a commodious Reading and Sitting Room, elegantly decorated with numerous costly paintings and engravings, and furnished with an extensive cabinet of curiosities, containing a great many rare and interesting things from all parts of the world. This room is regularly supplied with all the city papers; with many of the New York and Boston Journals, and with the most important London Periodicals.  
In addition to the accommodations offered to gentlemen at this establishment, the subscriber has also handsomely furnished apartments for ladies, where they can at any time be furnished with dinner or tea, or with every confectionary, ice-cream, soda, &c., &c.  
The subscriber would also give notice that he is constantly receiving fresh Oysters by the steamer, and that they may be obtained at his Saloon, in excellent condition throughout the season.

# The great and only Successful Remedy for the cure of Con- sumption.

IS Dr. E. W. Vandersmith's INDIAN COUGH  
BALM AND LUNG BALSAM.

READ-ER  
Disease of the Lungs and Throat cured.

White Plains, April 20, 1817.  
This is to certify that I have been afflicted for  
five years with a cough, pain in the chest, night  
sweats, difficulty in breathing, etc., and I also  
expectorated a large quantity of frothy matter and  
blood, from which I was reduced to a perfect  
skeleton, my throat was very much ulcerated. I  
had lunar caustic applied to my throat twice a  
week, but received no benefit; I have used one  
hundred different kinds of Patent Medicines, re-  
commended by my friends, but all to no purpose.  
A friend of mine, Mr. Willett, whose lungs had  
been affected for two years past, was cured by Dr.  
Vandersmith's Medicine. He insisted upon my  
trying Dr. V. and I did so. After I had used his  
medicine 15 days, I expectorated large quantities  
of yellow frothy matter, my chest expanded, and  
my difficulty in breathing subsided. I persevered  
with his medicine, and the result has been, I am  
perfectly cured of all my sickness. I recommend  
every consumptive to try Dr. V.'s medicine, I am  
confident it will cure you. Your sincere friend,  
EDWARD C. THOMPSON.

Sworn before me this 21st day of April, 1817.  
A. F. MICKLE, Mayor of the city of N. Y.  
Inflammation of the Lungs.

New York, June 19, 1817.  
Dr. Vandersmith— I have been subject to a  
cough, pain in the chest, difficulty of breathing,  
&c., for many years past. About four months  
ago I took a severe cold, which settled on my  
lungs. I was unable to attend to my business  
during the day. I would have dreadful coughing  
fits, that I thought it was impossible for me to  
endure unless I could get relief. The excessive  
night sweats, had reduced my whole body to a  
skeleton. I expectorated white frothy mucus,  
in fact should I give the full particulars of my  
case, it would be almost incredible. I was recom-  
mended to try Dr. Vandersmith's Indian Cough  
Balm and Lung Balm. I consented; when I  
used it about one week, my cough decreased  
considerably, which gave me great hopes. I con-  
tinued with the medicine according to directions,  
and the result has been that I am restored to health,  
a blessing that I have not enjoyed for years, until  
the present. I sincerely believe had I not made  
use of Dr. Vandersmith's invaluable medicine,  
that I would be moldering in the silent grave.  
Therefore I believe that I am doing nothing but  
what is justice, in stating the above facts, so that  
you may show it to all the afflicted who may call  
upon you to administer to them. I shall be be-  
lieved to say that I have conversed with the afflicted  
who call upon you. Your grateful patient and  
friend,

# Hyer's Pills.

The American Improved Hygienic Vegetable  
Medicine.

SAFE, CHEAP AND EFFECTIVE.  
This medicine makes no pretensions to miracu-  
lous powers, the raising of the dead, or to im-  
mense and astounding sales daily and hourly, af-  
ter the most approved method of the times; but  
bases all its claims upon plain common sense prin-  
ciples, as a simple aid to nature in restoring the  
human system to its proper tone and action, when  
by carelessness or unavoidable circumstances it has  
become deranged or debilitated, and asks simply a  
faithful trial as a test of its curative properties.  
During the last twenty years it has worked its  
way into extensive use, wholly upon its own merits,  
by recommendation from individual to individual,  
not having been advertised for more than twelve  
years till within the past few months—save occa-  
sionally in a journal of which the present proprie-  
tor is Editor. The increasing demand, however,  
has necessarily compelled greater attention to its  
business, and agencies are now being established  
throughout the country.

A faithful trial of a half dollar or dollar pack-  
age is almost certain to secure use in every family  
where it is introduced, where medicine is needed.  
The undersigned has used it in his own family for  
more than fifteen years—has knowledge of its ap-  
proved use in many others, (for periods varying  
from months to fifteen or sixteen years,) as their  
only medicine, and knows it to be valuable in most  
of the complaints incident to the human system.  
But a long or extravagant commendation is not  
designed or needed here. Ten thousand mere as-  
sertions in its favor will not make it valuable, or  
satisfy reasonable persons without a trial; for the  
proof, after all, must lie in the use of it. Try it,  
then. Read, try, and then judge.

# Bogle's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced to bring this  
article before the public, at the request of his nu-  
merous customers, among whom are physicians and  
citizens of the first respectability, who have  
adopted its use in their families, and wish others to  
participate in its advantages.  
The Hyperion is composed of vegetable ingredi-  
ents, the secret of compounding and blending which  
is known solely to the subscriber. It is an arti-  
cle in which a cleansing and purifying wash is  
beautifully blended with a most delicate, silky and  
glossy moisture never before attained, yet free of  
animal grease or essential oils. It clears the pores  
of the skin, causes a healthy action in the blood  
vessels, nerves, &c., which feed the hair, thereby  
preventing baldness and GREY HAIR.  
It entirely frees the skin from Scurf, Dandruff,  
and other cutaneous diseases, disposes the hair to  
curl, and changes the hardest hair into the most  
soft, glossy, and healthy state, also imparts to it  
a darker color, and the free use of it, both on the  
skin and hair, in a most healthy and luxuriant  
state until the latest period of life.

Ladies will find the Hyperion a great addition to  
the toilet, both on account of its delicate and agree-  
able perfume, and the great facilities it affords in  
dressing the hair, which, when moist with the fluid,  
can be dressed in any required form, so as to  
preserve its place, whether plain or in curls.  
When used on children's heads, it lays the founda-  
tion of a good head of hair.

Manufactured and for sale by WM. BOGLE,  
228 Washington, corner of Summer street, Bos-  
ton. Sold in Newport by R. J. TAYLOR.

A Treatise on the Anatomy and Physiology of  
the Hair, with directions for preventing baldness,  
removing dandruff, and preserving the natural  
beauty and softness of the hair, by Wm. Bogle,  
accompanies each bottle. Aug. 24—ly.

DR. BANNING'S PATENT LACE!  
An immediate Relief to Incurable Consumption, the  
Bronchitis of Public Speakers, Palpitation  
of the heart, Dyspepsia, Spinal Weak-  
ness, Piles, Protrusion, and Diseases  
of Women, without Medicines.

THIS instrument has been examined by Drs.  
Mott, Rodgers, Francis, and Griseom of New  
York, the faculty of Pittsburgh, Hartford, New  
Haven and Middletown, and has obtained for itself  
their favorable testimony. The following will  
show what kind of testimony might be produced  
in many cases:

Middletown, June, 25th, 1813.

Dr. Boardman,  
Sir—In answer to your inquiry respecting my  
case, I will merely say, that I have been sick since  
I strained my breast and lungs in May, 1836, from  
that time continued to grow worse, when in the  
fall of '39, I abandoned business, and have not  
done any thing since. I suppose from all I could  
learn about my case—frequently raising blood,  
coughing very hard and expectorating profusely,  
deriving no benefit from my physicians, and all  
medicines recommended to me, that my case was  
hopeless. Last winter my brother told me he had  
heard a good account of Dr. Banning's Lace in  
such cases, and was anxious that I should try it;  
accordingly I procured one from you, and since I  
began to wear it, my breathing, which was very  
short and laborious, has become easy and natural;  
the pain and fluttering or palpitation of the heart  
has subsided; cough and expectoration greatly  
lessened, my limbs which were exceedingly pain-  
ful have become useful, so that I can walk com-  
fortably. I am able to devote myself with comfort,  
which for many years I have not been able to do.  
The piles, which have troubled me for nine years,  
are nearly eradicated. I work some in the garden,  
and am able to ride 4 miles at once with pleasur-  
and benefit. Yours, &c. Wm. RANNEY.

Dr. G. M. Boardman,  
Middletown, June 25, 1813.

Dr. Boardman,  
Dear Sir—In answer to your inquiries re-  
specting the effect of Dr. Banning's Lace in the  
case of my wife, I will state that for twenty years  
past, she has been afflicted with a complication of  
complaints to which females are subject. She has  
tried all the physicians and all the medicines re-  
commended for such complaints, without regard to  
expense, and found only temporary relief. Her  
most distressing complaints, palpitation of the  
heart, oppression and a sense of great weight at  
the pit of the stomach, prolapsus of the womb, &c.,  
were believed after wearing the lace two hours, and  
she has continued to improve daily. With this  
view of the case I cannot use language strong  
enough to convey my approval of the instrument.  
aug. 29th.

STEPHEN BROOKS, JR.  
Providence, Feb. 20, 1816.

Doctor Boardman—Dear Sir—I now take my  
pen to inform you that my wife's health has im-  
proved very fast for the last two weeks from wear-  
ing one of your Laces. She has been out of health  
about two years and has worn a different Supporter  
from yours, which had only two pads. She re-  
ceived some benefit from that—but it would not  
produce a cure. But now I can say with pleasure  
that she is as smart as any of the young girls in the  
neighborhood. She can now run up and down  
stairs as fast as I can, and I feel so well pleased  
with it that I hardly know how or what to write.  
But one thing I do now, that she has been under  
the care of seven Doctors in one year—and wear-  
ing your Lace two weeks has or will do the cure  
in a very short time. I want to write more, but I  
have no time. I am truly, your friend and well  
wisher. J. \* \*

MR. ABRAHAM VANDERBEEK, of 98 Av-  
enue D, New York, certifies that his head  
was entirely bald on the top, and by the use of  
two 3s. bottles of Jones' Coral Hair Restorative,  
he has a good crop of hair, and will soon have it  
long and thick.

Mr. William Jackson, of 80 Liberty street, Pitts-  
burgh, Pa., certifies: On the 3d of February,  
1817, that Mr. Thomas Jackson's head, on the top,  
was entirely bald for 15 years, and that by  
using two 3s. bottles of Jones' Coral Hair Restor-  
ative, the hair is growing fast and thick, and will  
soon be entirely restored.

Gray Heads! Gray Heads! Read—I hereby  
certify that my hair was turning gray, and that  
since I have used Jones' Coral Hair Restorative,  
it has entirely ceased falling—is growing fast, and  
has a fine dark look. Before I used Jones' Coral  
Hair Restorative, I combed out handfuls of hair  
daily. WM. TOMPKINS, 92 King-st., N. Y.

Mr. Power, a grocer of Fulton-st., had his hair  
choked up with dandruff, and Jones' Hair Restor-  
ative entirely cured it.

Do you want to dress, beautify, and make your  
hair soft and fine? Read—I, Henry E. Cullen,  
late barber on board the steamboat South America,  
do certify that Jones' Coral Hair Restorative is  
the best article I ever used for dressing, soften-  
ing, cleansing and keeping the hair a long time  
in order; all my customers preferred it to any-  
thing else.

# TO THE LADIES IN PARTICULAR.

MY DEPILATORY POWDER has been  
found highly beneficial and of great use to la-  
dies who have been afflicted with superfluous hair,  
principally when its growth has been confined to  
the upper lip and side of the face, giving a mascu-  
line turn to the whole features. When used with  
proper care, and according to the directions, it will  
be found to be a great addition to the toilet, as the  
use of any sharp instrument is entirely avoided,  
and the hair is removed in five or ten minutes af-  
ter its application.

This composition is infallible, and warranted to  
remove superfluous hair. After numerous trials, I  
have received certificates of success which cannot  
be contested. For sale, wholesale and retail, at

# CHEMICAL RESULT—A WONDER.

MY celebrated VEGETABLE LIQUID HAIR  
DYE, to enable persons to dye instantaneously  
their hair, without the least inconvenience.—  
For changing red or gray Hair, Whiskers, Eye-  
brows, &c., to a Brown, Black, or Chestnut Color.  
The slightest evil consequences need not be feared  
from its use—it is altogether harmless. This com-  
position is the only one sanctioned by the science  
of Chemistry, to dye, in an indelebile manner, the  
various gradations of colors, without danger or in-  
convenience, and has justified the liberal patro-  
nage and unlimited confidence of the public. If  
black is required, ask for box marked N, if brown,  
box marked B.

IT is now about ten years since this medicine has  
been introduced to the public, and it stands un-  
rivaled in its effects, bearing the test of the severe  
scrutiny of all classes, both friendly and unfriendly.  
It is but for one purpose—for the use of Mothers  
who have to pass through a sea of affliction in  
giving birth to mankind, not to be described. It  
is to you we make an appeal. It is for your es-  
pecial and general good that you should make use  
of one bottle of the MOTHER'S RELIEF before  
confinement. Then you can approach the par-  
ticular chamber without feeling as if you were go-  
ing to the chamber of death. You may rest as-  
sured it will still all terrible and nervous affec-  
tion. It soothes and stills all irritation and by its  
peculiar properties it destroys the cause of her-  
morrhage or inflammation that so often attend  
and follow the hour of parturition. It causes sweet  
and natural rest, and at last facilitates the birth,  
so that Mothers have not to pass through such  
excruciating pain and distress. The Mother's Re-  
lief may be depended upon in all cases of threat-  
ening abortion where it is possible to be prevented  
in cases of Spasms, &c. causing frequent alarm,  
from two to three doses will give immediate relief.  
As the subject is one that cannot with propriety  
be fully discussed in this public manner, we invite  
all who feel interested to call on our agents (most  
of the respectable Druggists in the United States,) or  
on the manufacturer, and they will be furnished  
with a pamphlet in which they will find all the  
facts to form a correct opinion of its merits, and  
also the opinions of many physicians of eminence,  
and of persons who have become acquainted with  
its beneficial effects.

CAUTION TO PURCHASERS.—Ask for BAR-  
THOLOMEW'S Mother's Relief. None is genuine un-  
less our signatures are found within the wreath  
of the direction that is pasted on the bottle, signed  
with our own hand, and over the neck of the  
bottle is a facsimile of our own hand writing also.  
By attending to the above directions, no one need  
be imposed upon. All orders will be promptly  
attended to. DR. G. A. BARTHOLOMEW,

the Co. Clerk's office, Rochester, N. Y.

# Miracle.

ON the 4th of August, in the year 1813, a sin-  
gular scene occurred in the Royal Scientific In-  
stitution of France. The aged, white headed  
President, his head bare, his arms outstretched, his  
face radiant with smiles, (for science was triumph-  
ant,) and his voice with gratulatory tone, deliv-  
ered the following report:  
"We are astounded at this singular preparation.  
Where indeed will science stop! Here we have a  
preparation made in the form of a beautiful piece  
of soap, which we know by actual practice, to  
cure every cutaneous eruption, every disfigure-  
ment of, and even discolored skin! Where will  
its magic and singular power cease? The Negro,  
the Groat, the Yellow Race of the East, and the  
Red Man of the far West, are alike under the in-  
fluence of its extraordinary powers of clearing yellow  
or discolored skin, and making it white and  
beautiful, and of changing the color of dark, or  
black, or brown skin." (Here several persons  
were brought forward by the President, who had  
used it, in proof of his assertion.)

There are probably few persons of intelligence,  
who, after reading the above, will doubt the quali-  
ties of JONES' ITALIAN CHEMICAL SOAP, in  
curing Pimples, Blisters, Salt Rheum, Scoury,  
Erysipelas, Sore Throat, Old Sores, Boils, and  
Barber's Itch, Chapped and Tender Flesh, Freck-  
les, Tan, Sunburn, and changing dark sunburn or  
yellow skin to a pure, clear white, as smooth and  
soft as an Infant's, and in fact every kind of erup-  
tion and disfigurement. Read these certificates:  
[From the N. O. Sentinel, Oct., 1841.]

One of our subscribers, Mr. H. Leonard, in-  
forms us that he has been cured of old, scaly Salt  
Rheum, of eighteen years standing, on his head,  
fingers and hands, by a cake of an article much  
advised lately—we speak of Jones' Italian  
Chemical Soap. He also informs us that he has  
tried its effects on his head, face, neck, and arms,  
marked with sun spots, and he found in two  
weeks his skin much clearer and whiter.

James Ekham, a painter in Jersey City, was  
cured of carbuncles and pimples, which he was  
afflicted with for many years, by part of a cake of  
Jones' Italian Chemical Soap.

Persons in purchasing this must always ask for  
Jones' Italian Chemical Soap; and perhaps, as  
many who have been cheated with counterfeits,  
will be too much discouraged to try the genuine,  
we say to such, try this once—you will not regret  
it; but always see that the name of J. JONES  
is on the wrapper. For sale in Newport by
